INTRODUCTION

Halma Water Management (HWM) is headquartered in United Kingdom (UK) and for over 30 years our primary focus has been clean water **Network Distribution System Monitoring, Intelligent Pressure Control and Remote Leak Detection Solutions**. Our technologies have had a significant impact in helping our customers save time, effort, natural resources, energy and cost. At HWM we recognise that, in addition to producing quality products, the skill of the operator is also vital to achieve the best possible results. Consequently, we place a high priority on training and offer a wide range of courses which can be tailored to customer specific requirements and run all over the world.

SEMINAR OBJECTIVE

The seminar will highlight economical technologies combined with effective strategies to manage and reduce Non-Revenue Water (NRW). The seminar will also focus on best practices in the network management by show casing successful cases studies in the region. Finally, the participants are welcomed to share their experiences, challenges and ideas to improve NRW management in Malaysia.

Series of MWA Product Technical Talk & Facilities Visit

THE MALAYSIAN WATER ASSOCIATION

Seminar on “Changing the Economics of NRW Management” 20 August 2019

ABOUT THE SPEAKER

Mr. Tim Ooi has over 10 years of industry experience in the NRW instrumentation devices and network pressure management. Mr. Tim was appointed as Regional Technical Support Manager – Asia Pacific for HWM Ltd. 8 years ago and now holds the title of Regional Manager – Asia Pacific for HWM Ltd.

In addition to specialization in Telemetry data logging, leak detection and pressure management Mr. Tim has in depth knowledge of data management in water industries. This enables HWM to remain an expert as a company in this region to advice in relation to Water Management.

System which allows user to control the PRV valve in a dynamic way, and improve the water network performance by reducing the pressure when the consumption is low.

Permanet+

Pegasus+

Effectively utilising advances in technology for targeting resources to water loss

Tentative Programme:

8.30am: Registration of Participants at Level 1

9.00am: Introduction of RD-Palmer Technology by Mr. Ragu Raman

9.30am: Introduction of Halma Water Management (HWM) by Mr. Tim Ooi

Changing the Economics of NRW Management

- PermaNET+

(Cost-effective remote leakage monitoring)

- Intelligent Pressure Controller

(Economical method to minimize leakage and reduce the frequency of pipe burst)

12.00pm: Q & A Session, Group Photo Session

12.30pm: Lunch

1.00pm: End Session

Series of MWA Product Technical Talk & Facilities Visit Seminar on "Changing the Economics of NRW Management"

20 August 2019 (Tuesday) 8:30 am – 1:00 pm
RD-Palmer Technology (M) Sdn Bhd
63, Jalan Seri Utara 1, Sri Utara Kipark, 68100 Kuala Lumpur

REGISTRATION FORM

REGISTRATION FEES:
RM50/head – MWA Member
RM60/head – Non-Member

Please register with full payments before/by 9 August 2019 to:

The Malaysian Water Association
